MHHS Webinar: QAD Portal

18 June 2024
MHHS-DEL2780

Please engage via Slido – we are here to take your questions.

We have dedicated 15 minutes to a Q&A at the end of the session to answer all questions through Slido. Any questions not answered in the webinar will be followed up in the FAQ document.

Please do not discuss topics outside the scope of this walkthrough. The focus of this webinar is the QAD Portal, not the content of the QAD.

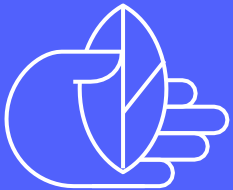

We want to work collaboratively to equip you with the guidance, support and information you need to use the QAD Portal effectively during Qualification.

This session is being recorded and will be published on the Collaboration Base and MHHS Website for you to revisit and for those unable to attend.

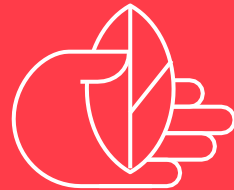

Introduction

Francesca Drew
5 minutes

QAD Portal Demo

Alex Peart, Martin McEwan and Daniel Rodgers
35 minutes

Q&A and Close

Francesca Drew
20 minutes

Why are we holding this webinar?

- To provide a demo of the Qualification Assessment Document (QAD) Portal that Programme Participants will be using during Qualification.
- We want to ensure that all Programme Participants are familiar with the functionality of the QAD Portal in preparation for submitting their initial and final QAD to the Code Bodies.

Why is the QAD important?

- Code Bodies expect Programme Participants to complete the QAD at an organisation level, covering all Market Roles they intend to operate within the new MHHS arrangements.
- To support the efficient review of evidence and to avoid unnecessary delay between the completion of Qualification Testing (QT) / MHHS Programme Systems Integration Testing (SIT) and MHHS Qualification being approved, evidence should be provided via an Initial QAD Submission and a Final QAD Submission.
- Code Bodies will then review this information and work with the Programme Participant to clarify and assure that the information provided meets Code Body requirements for MHHS Qualification.

Director Confirmation for MEM Applications

1	Sample energy	MEM	Applicant's Confirmation	Applicant's Confirmation	Applicants Confirmation
---	---------------	-----	--------------------------	--------------------------	-------------------------

Applicant's Confirmation

Name of Programme Participant Organisation : **Sample energy**

Except for the matters detailed below (delete if not applicable), having made appropriate enquiries of other directors and officials of the organisation, I confirm that:

- 1) The information and evidence provided in this Qualification Assessment Document is true and accurate and not misleading because of any omission or ambiguity or for any other reason.
- 2) The processes and controls noted within this Qualification Assessment Document are an accurate reflection for our arrangements for MHHS live operations, and I acknowledge that any further changes will be required to be disclosed to BSC and REC as detailed in 7.3.7 of the Qualification Approach and Plan.
- 3) Additionally, in my opinion, the arrangements as documented are adequate and appropriate to deliver and operate our service(s) inline with the changes brought about by Marketwide Half Hourly Settlement.

Please detail any exception(s) here:
