---

## 2 INTRODUCTION

These are the release notes for the MHHS Operational Test Scenarios and Test cases for Theme 2, Security and Operational Choreography

The release notes provide a complete inventory of files that form the current baseline, as well as candidate files for additions to the baseline which are subject to industry approval.

---

## 3 OVERVIEW

This document is used to communicate Scenarios/Test Cases included as part of this release as well as any corrections, additions and extensions to previously issued content to address. As this is first issue of the Scenarios/Test cases there are no changes or additions included

In order to establish the complete inventory of what has been baselined, as well as what is still under review, please consult the previous release notes: Not applicable for this release

---

## 4 04-June Release: Theme 2

This section identifies the files included in this release for Theme 2

**Note:** As this is the first release there are no redlined versions uploaded for this release.
